# The Bulletin.

Norwich, Friday, Nov. 11, 1910.

The Bulletin is published every  
where in the city before 6 a. m.  
Subscribers who fail to receive it by  
that time will confer a favor by re-  
porting the fact to The Bulletin Co.

## THE WEATHER.

Forecast for Today.

For New England: Clearing and  
colder Friday; Saturday fair; brisk  
to high northwest winds, diminishing  
Friday night.  
Predictions from the New York Her-  
ald: On Friday partly cloudy weather,  
preceded by rain, will prevail, with  
southerly stationary temperatures and  
light northwesterly winds, and on Sat-  
urday fair weather, with slowly falling  
temperatures.

The following records, reported from  
Sevin's pharmacy, show the changes  
in temperature and the barometric  
changes Thursday:

Ther. Bar.  
7 a. m. 48.23 29.83  
12 m. 48.23 29.79  
6 p. m. 48.23 29.65  
Highest 58, lowest 42.

Comparisons.  
Predictions for Thursday: Rain;  
southerly winds. As predicted.  
Thursday's weather: As predicted.

Six hours after high water it is low  
tide, which is followed by flood tide.

## GREENEVILLE

Holy Name Parade and Rally to Be  
Held Tonight—Visitors and Visiting  
About the Town.

Considerable interest is manifested  
in the parade and rally of the Holy  
Name society to be held this evening in  
St. Mary's parish. The column will  
leave St. Mary's church at 8 o'clock  
under command of Marshal Barry, go-  
ing south as far as the Margarette  
building, counter-marching at that point  
and returning through the heart of the  
parish and ending at Union hall, where  
the rally will be held.  
Red fire will be burned along the line  
of march and the houses will be illumi-  
nated. The parade will include a band  
of two sections, the senior branch of  
the organization being escorted by the  
Santo brass band, while the Eureka  
drum corps will lead the junior branch  
of the society.

Arrangements to seat a large num-  
ber have been made in Union hall,  
where the rally will be held. Only  
men will be admitted to the meeting.  
President Joseph A. Dougan will  
preside and will introduce the speakers.  
Major Charles E. Thayer will be the  
principal speaker of the evening. Pa-  
thers Smith and Kennedy will also ad-  
dress the audience. The feature of the  
rally will be a singing in chorus by  
200 boys of the anthem "Holy God We  
Praise Thy Name. Several solos will  
also add interest to the evening's en-  
tertainment, accompanied by Prof.  
James Drey on the piano.  
By the interest shown it is expected  
that the rally this year will far exceed  
any event heretofore held by the so-  
ciety.

## PERSONALS.

Frank Harrington is spending a few  
days in Franklin at the home of his  
grandfather.

Miss Mary Swann has returned to  
her home in Greenville after spend-  
ing two weeks with friends in New  
York.

John Casey, who has been visiting  
his parents on Sixth street for the past  
few days, has returned to his home in  
Hartford.

Louis Portenace has returned to  
Pittsfield, N. Y., after spending sev-  
eral days at the home of his parents on  
Central avenue.

Michael Mahoney and John Hutchin-  
son were at the navy yard early in  
the week and brought home a large  
catch of fish.

## EXPLORER CALLED UPON

TO COMMIT HARI KARI  
Because of His Failure to Start South  
Pole Expedition.

Victoria, B. C., Nov. 10.—Lieutenant  
Shiraz, organizer of the Japanese ex-  
pedition to the south pole, announced  
to sail in November in the steamer  
Leander, but he has been called upon to  
commit hari kari because of his failure  
to start the expedition. The Japanese  
brought here today by the steamer  
Inaba Maru.

The explorer does not see any  
necessity of heading to the news-  
paper's request that he kill himself. Some  
other papers charge graft in the pur-  
chase of his vessel for which \$75,000  
was paid. They allege this is more  
than twice his worth.

The Japanese expedition, which took  
a prominent part in organizing the ex-  
pedition, has withdrawn.

## COUNTENANCE TRAFFIC

IN UNFIT EGGS  
New York Food Inspector and Two  
Assistants Suspended.

New York, Nov. 11.—The World to-  
day says that a supervising food in-  
spector and two assistants have been  
suspended by Health Commissioner  
Lewden on charges of countenancing  
wholesale traffic in eggs unfit for hu-  
man consumption, referred to in the  
trade as "rotts and spots." The trade,  
it is charged, has been carried on for  
years by this unscrupulous baker who  
uses the eggs for sponge cake and who  
like it is alleged that 1,000 cases of  
such eggs are consumed in the city daily.

Convictions for dealing in "rotts and  
spots" were recently obtained in Phila-  
delphia.

Arrested for Alleged Implication in  
Bank Theft.

Williamsport, Pa., Nov. 10.—Dr. F.  
J. Meyer of this city was arrested here  
for alleged implication with Arthur A.  
Dunphy in the alleged theft of \$15,000  
from the South American bank, New  
York city. Dunphy was arrested in  
Philadelphia on Nov. 4 on a warrant  
from New York.

## Funeral

**GAGER** Director  
and Embalmer

70 Franklin St., Bulletin Bldg.  
Telephone 648-5.  
Prompts service day or night.  
Residence 116 Broadway.  
Op. Theatre.  
Telephone 642-3.

# SECOND WELL HAS BEEN STARTED

Down Over Fifteen Feet and First is Down 195 but  
Still in Hard Rock—Pipe Line to Lake will be Fin-  
ished Tonight.

The second well driver is in opera-  
tion at Meadow brook and the drill  
had got a hole in the ground over 15  
feet deep on Thursday. This ma-  
chine, being a new one, is working  
finely and it is thought this well will  
go down faster than the other. On  
the first well good progress is being  
made, although it is still operating in  
hard rock and once below that it is  
thought more water will be struck.  
Thus far there has been no increase  
in the flow of water in the well to  
any appreciable extent. The 25-gallon  
bucket was lowered into the well on  
Thursday and after being emptied a  
few times it showed that the water  
in the well was lower by the act,  
which would indicate that the water  
into the well is not a heavy one, it not  
being sufficient to keep the water at  
the same height in the well. Cap-  
tain is a small stream running in-  
to Fairview from Meadow brook and  
quite a little water in the brook.

At Fairview the measurement show-  
ed the water to be 308 inches below  
high water mark, dropping two  
inches a day. The income is sufficient  
to supply about one-third of the con-  
sumption daily, but the pond is drop-  
ping steadily.

The diver was recalled here from  
New London on Wednesday and he  
removed the plug from the inside of  
the outlet pipe at Mohegan lake and  
placed a strainer there. Connections  
have now been made at the lake and  
the pipe line is connected with the  
street main so that but a short sec-  
tion remains to be put in on the pipe  
line, as over 4,000 feet have been laid.  
The pipe will be laid on the water  
main. The strainer is absolutely cer-  
tain that the lake water will not be let  
into the pipe at some time yet, and  
not at all unless it is absolutely nec-  
essary. Fair view reservoir will be  
quite a little lower than it is now be-  
fore the lake water will be taken.

Will Institute Nest  
ON 28TH OF NOVEMBER.  
Many Applications Have Been Re-  
ceived by the Organizers.

With the election excitement over,  
Organizers of the Nest, J. R. San-  
ford stated on Thursday that they  
would push the campaign with new  
 vigor to win the election for the in-  
stitution of Norwich nest, Order of Ovis,  
on Nov. 23, but there are already a  
goodly number of applications on hand,  
many of them from the most repre-  
sentative citizens. Not only Norwich  
and Willimantic, but all the towns  
around the city are sending in applica-  
tions. These with the exception of  
Norwich nest, which will be the last one to be  
instituted in some time east of the  
Connecticut river, and Norwich nest  
bids fair to be the banner one of the  
state in charter membership.

The order in its propaganda has  
many catchy features, such as its  
motto, its toast, which reads:  
"Here's to the man whose hand  
is not against his neighbor's."  
Like a grip of steel that makes you  
feel

"You are not in this world alone."  
If you have a flower to give, give it today.  
One drop of goodness is worth more  
than a bushel of evil. The order is  
blooms laid, however tenderly, above  
the dead." With one of the most beau-  
tiful rituals ever written and its brother-  
fraternity, any man may be proud to be  
an Owl.

## DRILL OF THIRD COMPANY.

Lieut. Col. H. S. Dorsey Here for In-  
spection—Lieut. Denison in Charge.

On Thursday evening at the armory  
the Third company had a drill un-  
der Lieut. W. R. Denison, Captain  
Coleman and Lieut. Church being ab-  
sent. Lieut. Col. H. S. Dorsey of  
New London was present for his in-  
spection of the company. The pre-  
sentation was made following the com-  
pany drill at an informal smoker, Ser-  
geant Walter Smith made the pre-  
sentation speech and Lieut. Silva re-  
plied, thanking the men. Lieut. Silva  
was but recently elected second lieut-  
enant. He has been in the coast ar-  
tillery service some years and has  
been an efficient man both in the com-  
panies and on Major Hill's staff. A  
supper was served and the smoker  
followed.

## AT POLI'S.

Vaudeville and Motion Pictures.

A bill which gives much satisfaction  
to the patrons of Poli's is presented for  
the last three days of the week by  
Manager Adams. There is plenty of  
variety in the numbers, no two being  
alike. From first to last every enter-  
tainer is capital, and the pictures are  
fine.

Beth Tate, as singing comedienne,  
makes a most favorable impression,  
her songs being the kind that take  
Burkhardt, Kelly & Co. in their com-  
plete. To Alaska or Bust, keep the au-  
dience in continual laughter with their  
trick weather scene. This is to be  
unrehearsed by the stage hands tonight  
and should prove a scream.

Leo O'Neill entertains with stories,  
imitations and recitations, and makes  
good. His imitation of a balky auto is  
perfect.  
DeHaven and Sidney and the Mat-  
inee Maids present after the Matinee  
in a manner which pleases the crowds.  
There are seven in the company, and  
the singing and dancing is well done.  
Several specialty numbers are in-  
troduced which make a decided hit. It  
is a most successful evening, the pre-  
sentation of the big numbers of the sea-  
son.

George Lander, the Australian an-  
thologist, is well remembered here,  
and his work is the same side-splitting  
throwing of voice that always charac-  
terizes him.

Hime and Carson as comedy acrobats  
please with their offerings some hard  
stuff.

During the performance Thursday  
evening at just a few minutes past 10  
o'clock, a large patch of ceiling broke  
loose and fell to the floor, causing  
considerable excitement among the  
people sitting in the section near where  
it fell, which was directly beneath the  
center of the right balcony. No one  
was injured, however, though those  
upon whose heads the plaster fell ap-  
peared to be a little bit frightened at  
the time.

## Engineer at Wilkesville.

D. S. Tweedy, formerly of this city,  
is now employed as engineer at Wil-  
kesville, Mass., where he has been  
since the first of last January. On  
Tuesday Mr. Lynch's daughter was  
married and Mr. Tweedy was a guest  
at the wedding and reception which  
followed. He expects to visit his old  
home here Thanksgiving.

## The Senatorship.

As appears from the figures given  
above, the legislature will be rep-  
resented by a comfortable majority and  
Mr. McLean has an overwhelming  
majority of the republican mem-  
bers. His triumphant election to the  
United States senate is assured. It is  
noteworthy, too, that the towns that  
saw the election of McLean to the sen-  
ate, the election of McLean to the sen-  
ate is a bright spot—Hartford Courant.

## A Woman's Reason.

One reason a woman wants her hus-  
band to go to heaven is because he  
will then see how beautiful she can  
be when she doesn't have any house-  
work to do.—Galveston News.

## NORWICH TOWN

Home Missionary Society Meets for  
Prayer and Discussion—Briefs and  
Personals.

The first of the meetings of the Home  
Missionary society for prayer and dis-  
cussion was held on Wednesday eve-  
ning in the chapel of the Congrega-  
tional church. The meeting opened  
with scripture reading, prayer and  
singing. The secretary's report of the  
closing meeting of last year was then  
read.

An interesting report was given of  
the federation of women's home mis-  
sionary societies held in Boston Oct.  
an extract from The Romance of  
Missions, written by Dr. Brent, bishop  
of the Episcopal church in the Philip-  
pines, followed. Nearly all of the six-  
teen present gave instances of influ-  
ences which had been helpful in their  
own lives. The meeting closed with the  
Hymn Sun of My Soul, Then Savior  
Dear.

## Noted About Town.

Mrs. Mary A. Miller of North Ston-  
ington is visiting Mrs. Mary Webb of  
East Town street.

Miss Nellie McCarthy and Miss Mar-  
garet Fitzpatrick of North Franklin  
spent Wednesday with relatives here.

Mrs. Robertson and her son, George  
L. Robertson, moved Thursday from  
Huntington avenue to Jewett City.

Mrs. F. H. Allis of Haverhill, Mass.,  
is the guest of Mr. and Mrs. W. S.  
Allis at their home on Elm avenue.

William Ashby and his son, Leonard  
Ashby, of Hartford are visiting Mr.  
and Mrs. F. G. Prothero of Vergennes  
avenue.

Miss Virginia Lyman of Washington  
stayed last Thursday at the School  
of Applied Design in New York.

On Sunday evening at the First Con-  
gregational church reports of the state  
Christian Endeavor convention at Wa-  
terbury will be heard from the dele-  
gates who were present.

## CANDIDATES QUERIED.

Bridgeport No-License Committee  
Sends Letters of Inquiry to Each.

The no-license committee has sent  
letters to a large majority of the can-  
didates for the next general assembly  
asking their attitude on the subject of  
license legislation. The letters were  
mailed last evening and are as follows:  
As a candidate for election to the  
next general assembly the no-license  
committee would like to make public  
your attitude in regard to possible leg-  
islation to further restrict and regu-  
late the liquor traffic in  
Bridgeport and over the rest of the  
state.

The committee have been con-  
vinced that a majority of the best  
citizens of Bridgeport, including many  
of the prominent manufacturers and  
business men, would like to see women  
kept out of saloons, screens removed  
from the public houses, and the law-  
breaking saloons can be eliminated.  
The committee would like to see the  
law to one to 750 population, as in New  
York state, or one to 1,000, as in Mas-  
sachusetts, district option enacted so  
that saloons can be cleared out of res-  
idential and factory neighborhoods, and  
some new method found of electing or  
appointing county or other license  
commissioners.

We believe that a large number of  
voters will favor the candidates who  
expresses himself as favorable to  
much or all of the above mentioned  
legislation, or as favorable in a gen-  
eral way to progressive liquor legisla-  
tion.  
May we not have a reply from you  
not later than Friday of this week,  
which we shall hope to make as public  
as this open letter?—Bridgeport Tele-  
gram.

## WHY GAME IS SCARCE.

Some Hunters Are Not Satisfied with  
Fair Success.

One of the best reasons for the pres-  
ent scarcity of game in the southern  
part of New England, of which hunters  
throughout the territory are com-  
plaining this season was vividly shown  
by an incident which took place yes-  
terday, says the Danbury News.  
Two of the game wardens of Fair-  
field county returned from their hunt  
at Litchfield to Danbury and met a party  
of four hunters at Hawleyville. The  
men were all Americans and all had  
licenses.

Their bag consisted of forty-five  
rabbits, ten gray squirrels and a coon,  
the result of a day's hunt. They  
were armed with automatic shotguns  
and had plenty of dogs. Of course the  
game could not be taken without them  
as they had broken no law, but they  
could express their indignation that a  
party should shoot the number of rab-  
bits that these men could not hunt.  
According to the wardens, this habit  
of getting all of the game possible,  
whether for use or not, is in a large  
measure responsible for the growing  
scarcity of game of all kinds.

## NERVOUS DYSPEPSIA

A CURE FOR ALL.

Not a Patent Cure-All, Nor a Modern  
Miracle, But Simply a Rational  
Cure For Dyspepsia.

In these days of humbuggery and  
deception, the manufacturers of pa-  
tent medicines, as a rule, seem to
